

OSL WITH EASYTEST

The Overspeed Safety Lock (OSL) with EasyTest enables you to perform daily functional checks of the centrifugal overspeed assembly in just a few simple steps and without removing the OSL component, increasing safety while saving you time and money.

OSL with EasyTest

Improved Testing Procedure for Overspeed Safety Locks

Improved safety and functionality of your equipment due to simple test procedures.

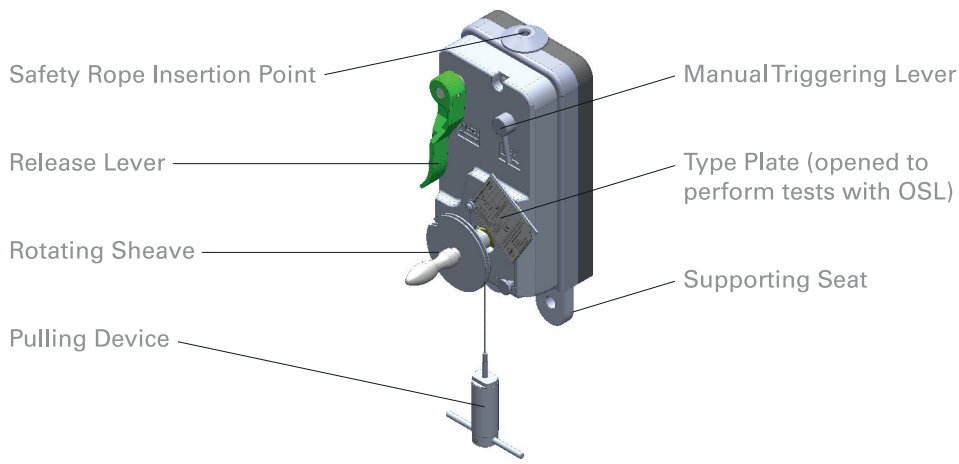

Significant time and costs savings as the patented OSL ET enables the daily overspeed test to be performed in a matter of minutes, compared to the time-consuming pull test method required in competitive models.

Customizable with multiple connection options.

Complies with EN 1808.

Retrofit kits are available to convert your existing overspeed safety equipment.

Made in our ISO 9001 factory in Germany.

OSL with EasyTest

We design, manufacture, and distribute the highest quality hoists and suspended access systems in the market.

Regardless of your location, we have a team of support professionals to assist with all your powered access equipment needs.

OSL 508-1010T Specifications

Model	Payload (kg)	Rope Ø (mm)	Trigger Speed (m/min)	Weight without Ropes (kg)
OSL-508T CE	600	8	30	7
OSL-508T CE E*	600	8	30	7
OSL-809T CE	800	9	30	7
OSL-809T CE E*	800	9	30	7
OSL-1010T CE	1000	10	30	7
OSL-1010T CE E*	1000	10	30	7

* Includes optional electrical cut-off switch.

Complete the daily OSL test in just minutes with these simple steps:

1. Open the outer cover.
2. Attach test equipment to the centrifugal assembly.
3. Pull down the bowden cable to rotate the test equipment. If the overspeed device triggers audibly, the safety device is ready to be used.
4. Reset the overspeed device before operating the hoist.

Consult the Operator's Manual for details.

Power Climber

Power Climber has been engineering and manufacturing hoists, platforms, rigging equipment, safety gear, and accessories for the suspended access industry since 1972. With facilities in North America, Europe, and Asia, Power Climber distributes its products to leading rental dealers, facility owners, and contractors around the world, and backs them up with industry-leading training, customer service, and support.
